GROSSELFINGER

CELLO STORM

ENGLISH

RELEASE

Experience the explosive **Cello Storm**,

where genre-bending cellist Christian Grosselfinger fuses classical, rock, metal, and pop into a single live performance.

This is a **one-man band** in the truest sense. Using live looping, Grosselfinger builds an entire arrangement in front of the audience **in real time** — laying down a bass line on the cello, adding a guitar riff, a rhythm, and then playing over the top of what he has just created. No backing band. Nothing pre-recorded pretending to be one.

Watch him move seamlessly between cello, electric guitar and keyboard. Feel the room shift as he **covers** AC/DC and Muse alongside Ravel's Boléro, and drives through his **own compositions** — Metal Jack, Pushing Forward, 3 Little Girls.

The sound of a full act. The logistics of a solo artist.

B I O

Brazilian cellist and composer **Christian Grosselfinger** holds a degree in Composition from UNIRIO (Federal University of the State of Rio de Janeiro) and is the creator of **Cello Storm**, a concept that merges violoncello, guitar, synths and live looping into a single-performer show.

Recognised by **FNAC Lisbon** as *"one of the most promising Brazilian cellists"*, he is a recipient of the **PROAC 2022 award** and an official endorser of **REMIC Microphones** (Denmark).

His work has taken him across Europe, the United Kingdom, Africa and Brazil, with performances including the **UNESCO Bienal Peace** in Luanda and the **Virada Cultural Paulista**. He has performed with orchestras including OSBJ (Rio de Janeiro), Pro-Arte Orchester and Darstellende Kunst Orchester (Vienna), and Academica da Metropolitana (Lisbon).

In 2026 he played **36 concerts across Europe**, touring by motorhome and booking every date himself. Adding keyboard and electric guitar to the cello transformed the project into a genuine one-man band — and made Cello Storm as much at home in a rock club as in a thousand-year-old chapel.
